

# Devolver las bebidas alcohólicas al restaurante o tienda

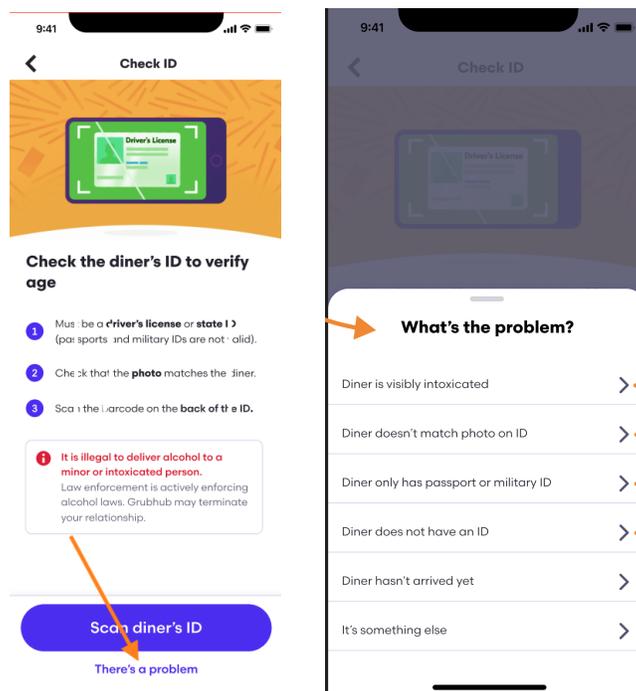

Grubhub for Drivers

Si se encuentra frente a alguna de las siguientes situaciones, no debe dejarle las bebidas alcohólicas al cliente ni en la puerta:

- La edad del cliente no se puede verificar ni confirmar
- El cliente proporciona la identificación de otra persona o una identificación no válida
- El cliente parece estar embriagado
- No se puede contactar al cliente

En cualquiera de las situaciones anteriores, deje todos los artículos del pedido al cliente excepto las bebidas alcohólicas y siga las instrucciones de la aplicación. No se preocupe, se le pagará por su tiempo y esperaremos antes de enviarle nuevos pedidos.

← Do not deliver alcohol

**Only deliver the food, not the alcohol.**

Separate the food from the alcoholic items before handoff.

Instruct the diner to contact Customer Care with questions or to request a refund.

**!** It is illegal to deliver alcohol to a minor. Law enforcement is actively enforcing alcohol laws. Grubhub may terminate your relationship.
